CULINARY COLLABORATION

of the City's finest.....

A team of Richmond's best chefs have come together to develop a unique menu at our café, training program and catering division.

Richmond's finest chefs have come together to help support and create the most unique dining experience in the city. We are fortunate to have the restaurant community take part in the operation of our catering program. Whether it's Master Chef Paul Elbling, formally of La Petite France, J Frank formally of The Berkley or any of the other great chefs in our area, it is a partnership and dedication to helping provide support.

Training programs run in 4 week intervals at the café before and after lunch. From concept to clean-up, our catering division produces delicious menus for beautifully designed, fun events that make a difference.

Eat Good ~ Feel Good

What if you could enjoy fabulous food and help some deserving people !!!

When you hire Positive Vibe's catering staff, you are not only getting some of the city's **best cuisine** you are also giving to a **positive cause**. Our 501c3 non-profit corporation supports a training program that teaches **disabled citizens** skills for working in a the food service industry. This important program gives people with cognitive and physical disabilities the **opportunity to gain knowledge and training**, as well as experience, in a working restaurant so that they may seek employment in the industry. Over **500 students** have graduated from our training program with successful **job placement** all over the Richmond area.
